NO. 9

CONDENSED TELEGRAMS.

The Pacific Mail steamer Georgia has been wrecked near Punta Arenas harbor, about 48 hours' sail from Panama. No lives were lost. The Georgia was a large screw steamer, cost \$400,000, and was fully insured.

The editor of the *Vokes Freund*, of Cincinnati, has been arrested on a charge of a criminal libel by Benjamin Butterworth, Republican candidate for Congress.

The new steamship State of California, built at Philadelphia for the Oregon trade, will be launched about the 20th.

A revenue force has been raiding through the counties of Overton, Jackson, Fenster and Putnam, Tenn. Near Livingston they met six "moonshiners" armed with rifles, and an engagement ensued which lasted until the revenue posse were out of ammunition. They report four distillers killed and several wounded.

A destructive prairie fire has traversed from fifteen to twenty counties in Dakota between Jim river and the Missouri river. The destruction of property is large.

The town's elections in eastern Connecticut generally leave the local governments in the hands of the same parties as had them last year.

The insurrection of Santa Cruz has been quelled and the ring-leaders captured.

True bills have been brought by the Montreal grand jury against several Orangemen for unlawfully assembling on the 12th of July.

A sand train was thrown off the track near Milan, Mich., on the 7th, and the conductor and a brakeman killed.

Thornburg is still pursuing the fleeing Cheyennes. Hopes are entertained that Carlton, who left Robinson on the 1st with 240 men, will intercept the rebels.

The Governor of New Mexico has notified the President of the lawlessness existing in Lincoln county, and requested the aid of the army. The President will immediately warn all riotous bands to disperse within five days.

General John C. Fremont has arrived at Prescott, and immediately entered upon his duties as Governor of Arizona.

The French Savings Bank of San Francisco has been sued by Thomas Gallager for \$98,750 for services as legal advisor of the bank.

At the Chinese Theatre Royal in San Francisco, at 1 o'clock Sunday morning, the performance still continued, contrary to municipal ordinance. The officers ordered its discontinuance and the audience resisted. The policemen fired a few shots over their heads and the patrons of the theatre tore up the furniture and burst open the treasurer's office. The row was finally quelled.

The Jefferson mine, near Austin, Nevada, has been successfully reopened and Belmont and a portion of Nye county, which a short time ago was deserted, have now become the scene of extensive mining operations.

The final collapse of negotiations for a Turkish convention is announced. The Sultan, while declining to sign a Convention, promises not to encourage Bosnian resistance, and hopes Austria, on her side, will not urge for the present her treaty right to garrison Novi Bazar, which would be certain to provoke resistance.

It is authoritatively stated that the report that the Mexican government had abolished the free zone is unfounded.

Bessarabia will be formally surrendered to Russia on the 13th.

Thomas Opera fell a distance of 700 feet in the Guadalupe mine at Guadalupe, Santa Clara county, on the 5th, and was instantly killed.

Frank Brown was shot and mortally wounded by Edward Jennings, on the 4th, near Prescott, A. T. No particulars. Jennings surrendered himself.

Will Turkey and Austria fight.

LONDON, Oct. 8.—There is an impression in Hungary that Austria is in danger of drifting into a war with Turkey. Hence the anxiety to prevent operations against Novi Bazar. A correspondent, friendly to Andrasz, resents and repels the Turkish charges that Austrian troops have done their work with needless severity and cruelty, and says that such charges are not in keeping with the Porte's professions of anxiety to maintain relations of friendship and alliance with Austria. Carinthia, Turkish special envoy to Vienna, leaves that city to-day for Constantinople.

The Indiana Election.

INDIANAPOLIS, Oct. 8.—The election is progressing quietly, with indications of a very full vote being polled. There are three full tickets for State offices and legislators and three candidates for Congressmen in all the districts except the Seventh Indianapolis and Twelfth Fort Wayne Districts. In the former the Democrats endorse Dr. De La Mater, national nominee, and in the latter the Republicans vote with the Nationals for Studebaker. Comparisons will be made on the Secretary of State with the vote cast for governor in 1876. The ticket being very long it is probable that returns cannot be obtained until late.

SPECIAL NOTICES.

Don't Forget It.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel one of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not healed, end in more terrible diseases and death. White's Prairie Flower and the great liver tonics are the only reliance on the liver, and different from any medicine ever compounded. Its virtues are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggist, OSBORN & SHAWAKER.

RENO AND SURPRISE VALLEY.—Calderwood & Kern's stages will leave Reno hereafter on Mondays, Wednesdays and Fridays, at 3 o'clock A. M., and reach Bidwell, Surprise Valley, at 6 o'clock on the following days. Returning, will leave Willow Ranch at 7 A. M. on Mondays, Wednesdays and Fridays, arriving in Reno at 9 P. M. on the following days. Fare, \$20 each way. Freight on baggage over 30 pounds, 8 cents per pound. Office at Hammond & Wilson's stable, opposite Railroad depot. JOHN WILSON, Agent.

A NEW SPORT.

The San Francisco *Alta* wants the citizens of San Francisco to get up a testimonial and present it to young Von Schmidt, who killed Merkle the hoodlum the other day. This is a good idea and one which holds out a prospect of the solution of the hoodlum problem. It would inspire wealthy young men with a worthy ambition. Instead of wandering in their leisure off to the country to knock over harmless quail and rabbits, and spending their evenings at the club and theatre, the young men would turn their attention to the nobler sport of sallying forth after dark in quest of the fierce and warlike hoodlum. A more exciting amusement than, rifle in hand, tracking the hoodlum in his native wilds cannot be imagined. Hunting the tiger or elephant cannot be compared to it. Clubs, similar to the polo organizations, might be formed for the cultivation of the sport. It would soon give rise to a new school of thrilling literature and the young man who had not bagged his brace of hoodlums would shortly cease to find favor in the eyes of fair San Francisco.

We would also recommend that the hoodlum after being killed should be scalped, and the trophy worn at the belt of the hunter. This would tend to inspire greater emulation and greatly distinguish those who excelled in the practice. Of course there are those who will say that if the hoodlum when young were properly cared for and given work to do, he would not need killing—that if the Chinese were out of the country and white boys and girls employed at what the Mongolians are now doing, there would be no hoodlums. We see, therefore, that we are once more greatly indebted to the docile and industrious heathen. But for him the wild and interesting hoodlum would be a domesticated and useful animal and a fine sport would be lost to the wealthy. We hope to see presently, several Hoodlum Shooting Clubs spring up in San Francisco. The *Pacific Life* and other sporting papers should give the movement every encouragement.

EDITORIAL NOTES.

"The Pimple-headed Bean-pole of the Truckee," is the latest rancorous epithet which hisses hence from Austin and explodes upon the person of the editor of the *GAZETTE*. It is hurled by the wrath-shaken hand of the outcast of the *Reveille*. Be calm, small one. Whom we like to, we chasten, and if we are minded to say that you are naughty and proceed to spank you, believe that it is for your good. You are not big enough yet to sail with safety your little boats upon the political pond, you have fallen in once and got all wet and muddy, and while your tears and temper are natural, and no doubt relieve you, you should remember, child, that it was your own fault. Wait until you are a bigger boy, Froddy.

Shaw, the talented young telegraph operator who a few weeks ago skipped from Tuscarora, with his pockets full of illegitimate rocks, and so bedeviled the wires before leaving that they could not be used to head him off, has written to the Tuscarora postmaster from Laramie, inclosing the key of his postoffice box, which he inadvertently carried away with him.

This honesty is touching. It is as though a "compromise" Senator were to return to the State Capitol a few pens and envelopes which he had accidentally abstracted from the senate chamber last session.

The morning *Appeal* notes that Cassidy has left his paper in charge of somebody whose stomach is better adapted for digesting crow than his own, and gone to San Francisco. The substitute editor, like a new proselyte, is endeavoring to make up in a show of zeal for the lost cause what was lacking in Cassidy's support of old Broadhorn and his chivalry ticket, branded hip and thigh with the old man's marking iron.

County committees, says the *Enterprise*, when ordering restraints for outdoor speaking, should keep in mind this fact: The strongest-lunged speaker can not talk into a wind very long, and can not, when so talking, be heard very far. The prevailing wind in Nevada is from the southwest, hence every speaker's stand for open-air use

should be built on the west side of a street running north and south, and on the south side of a street running east and west. Finally, if possible, the stand should be so built that the speaker's back will be near a solid wall. With these precautions taken, General Kittrill can talk two hours without saying anything worth remembering.

The sentimental young man who does the paragraphic outrages for the New York *Commercial Advertiser* has written a song entitled "Hug Me to Death Darling." It is said to be a beauty, but it will fade out of sight when our ditties are given to the public. A little madrigal called "Hold me Till Thy Knee Grows Raw" is pronounced by our lady friends affecting in the extreme, while "Blister not these Gums of Mine" carries them completely away. In a few days we shall publish our masterpiece, entitled "There's Copper on thy Toe Old Man."

The warriors engaged in "the clothing war," which breaks out all over the country intermittently usually, and to the intense satisfaction of the newspapers confine hostilities to the advertising columns of the local journals. In Virginia City, however, the combatants have wearied of this mild and bloodless style of conflict and are now punching one another's enterprising heads and having each other arrested. In the meantime the *Gazette's* advertising rates remain absurdly low.

Thus far the Nevada political campaign has been very tame.—*Stock Report.*

We've noticed it. During the last three weeks we have only been called a liar four times and the present black eye is our first this season. Ah, the good old times are gone and the present generation don't know how to make politics interesting and lively.

The severest charge made against Ben Butler is that he is cock-eyed. How anyone with an eye that is cocked dare aspire to office is something that staggers the understanding. Even an eye that is on the half-cock ought to be enough to disqualify one from all the rights of citizenship.

Cassidy is eating crow by proxy, having hired a new editor for the purpose. The proxy is not a success, however. He had a mind the other day to abuse our candidate for Governor, and he made a large mistake by pitching into James H. Kinkead who is not a candidate.

The playful Cheyenne, having fattened his ponies is now out again with a new sensation. He will gather a few scalps and by dint of skirmish, ambush, wholesale and retail murder, induce Uncle Sam to make some more presents. The Cheyenne is a strange and costly article.

The latest charge brought against Harry Mighels is that he calls a spitbox a cuspide. The *Reveille* very justly demands whether such a man as this is fit to be Lieutenant-Governor of a great State?

How can that be used which does not exist? It seems a pretty hard thing to do, but the Virginia *Chronicle* frequently accomplishes it. There is no such word as bursted, but it is often to be seen in the *Chronicle*.

The Virginia *Chronicle* advances the doctrine that no political speaker who gets paid for his speeches should be believed. This is admirable, but we would go farther and include clergymen and newspaper writers.

It is officially announced that Hodji Lodjin has been taken prisoner. Smile not at our hideous grief. We will be silent and let our great heart burst.

The *Enterprise* says that the editor of the Eureka *Sentinel* "takes to crow as naturally as a hyena does to a corpse." That's good.

JOTTINGS.

The attendance to-day was the largest of the week.

Hon. Wm. Thompson of Franktown, is in town attending the fair.

Somebody raised the wind this morning and it is still howling.

Several registry agents have failed to send their names to this office.

On Friday night next, the Republican campaign will open in Reno with a grand ratification meeting.

The meeting of the third-termers was postponed until to-night, because of Mr. Deal's sickness.

Registry books will close at all precincts in the county, at 9 o'clock October 19th, —take notice in time.

Attorney-General J. R. Kittrell came down to the metropolis this morning, and will speak to the Democracy to-night.

The Ball To-Morrow Night. The dancers will be given a chance to show their good dresses and graceful movements to-morrow evening, at Smith's Academy of Music. Varney will furnish the music. Admission \$2.50.

Angora.

Mr. C. Bailey, of the Angora Robe and Glove Co., of San Jose, Cal., is with us again and places on exhibition at the pavilion a large and splendid assortment of gloves, robes, mats, overcoats, ropes, etc., all made from the hair of the celebrated Angora goat.

Correction.

By an error of omission we did Harry Bernard an unintentional wrong. Mr. Bernard has among his very fine carriages one which deserves special mention, viz a family phæton. It is one of the prettiest and most comfortable riding carriages that we have ever seen. His side-bar open-top buggy is not Brewster's patent but Brewster's pattern.

Furniture.

Mr. G. Stark, has just received an agency from the California Furniture Manufacturing Co., of San Francisco, and established an office at No. 19, Commercial Row, next door to the postoffice. He will keep no stock on hand, but orders from photographs and has them immediately filled at the company's depot at the Bay city. See Mr. Stark's local ad. in another place.

Rolled.

Between two and three o'clock yesterday morning, an Englishman by the name of Jacks, was robbed in town of a small amount of money, his gold watch and a first-class passenger ticket from San Francisco to New York, and thence, by the Inman line to England. The officers were soon on the track of the thieves and the ticket secured by the C. P. detective Len Harris, who last night sent it to San Francisco.

To-Morrow.

Following is the programme for to-morrow:

First—Trotting; free for all three years old in Nevada, and the counties in California and Oregon that have been named; mile heats; purse, \$800; first horse, \$600; second, \$200; third, \$100.

Second—Trotting; class 2.26, free for all; mile heats, best three in five; purse, \$1000; first horse, \$600; second, \$300; third, \$100.

Excellent Exhibit.

J. R. Gunther of Reno, has the finest display of saddles, harnesses, whips, bridles, collars, spurs, etc., that we have ever seen on exhibition in this State, and as fine in quality as at any state fair on this coast. But what is the best of all, these articles were made by Mr. Gunther himself. It is needless to say that he is a first class saddle and harness maker, as this fact has been tested by our citizens, and those who are visiting our fair will soon discover this to be the case, by inspecting Mr. Gunther's exhibit at the pavilion.

The Press.

C. F. McGlashan, one of the editors and proprietors of the Truckee Republican is representing his journal at our fair.

D. G. Waldron represents the California Spirit of the Times.

R. C. Fulton, is special reporter of the Enterprise.

The other State papers are also represented by special reporters, and we expect the appearance to-day of several of the old time scribblers.

M. A. Weed, editor of the Lassen Advocate is in town, representing his paper during fair week.

Bumored Attempt to Fire the Pavilion.

A report was circulated on the street this morning that a man and a boy had attempted during the night to fire the pavilion. The foundation for this report, was as follows: A boy by the name of Taubert was arrested about 2 o'clock last night by Mr. Robinson. This boy was in company with several bootblacks, near the pavilion. The latter ran away on the approach of Mr. Robinson, but Taubert gave himself up and told a more or less improbable story of the plan laid to carry out a project of the knights of the boot-brush. He said in substance that he met these boys near the bridge after one o'clock. They told him that they must fire the pavilion but assigned no reason why it should be done. The party blacked their faces to avoid recognition and proceeded to the building to be destroyed. A small fire was kindled on the north side but was soon removed to a second place. Taubert said that he thought it wicked to fire the pavilion and put out the fire. From another party we learn that the bootblacks had built a fire near the pavilion but it was not presumably for other reasons than to warm themselves. We can assure exhibitors that they need apprehend no danger from incendiaries, since a watchman is on the lookout all night at the pavilion. Every precaution is observed by the officers of the society to ensure full protection to all who make exhibits at the state fair.

Third Day's Races.

For the 2:35 race, Wm. Tell, Pest, Muggins, Ashley and Maggie C. came to the score and started in the order named. The pools sold, Maggie C. \$40, field, \$13; Maggie C., \$20; field, 5. After several false starts, occasioned by Pest's tardiness, they got away well together, Ashley leading, hotly pressed by Maggie C. At the quarter Ashley broke, and Maggie C took the lead and kept it through the mile. Ashley, played for the heat was unable to get there Maggie winning handily in 2:32 1/4. Ashley second, Wm. Tell third, Muggins fourth, and Pest way back.

For the second heat the horses came to the score at 2:20 p.m. The pools sold about in the same order, 20 to 6, with few takers. Pest did not appear for the second heat. The horses got away after three or four false attempts. Maggie C took the lead and kept it through the mile, winning in 2:32 1/4. Ashley second, Wm. Tell third and Muggins fourth.

For the third heat the horses trotted in about the same relative positions as before, Maggie C winning easily, time 2:29.

In the mile and repeat race between Gina and Mark L, about \$10,000 went through the pool box, these two noted flyers claiming the call by turns. Henry Schwartz backed the horse largely and the odds were taken principally by Luckey Baldwin. The race was called too late for a report to day.

Nevada Productions.

The floral display made by R. P. Chapin heads the list in this particular direction. We thought of mentioning all the different plants and flowers which he is showing but found that a supplement would be necessary, and hence we postponed the task. The display made by the Arlington nurserymen are however creditable to any State and shows that Washoe county can hold her own in that line of horticulture. Mr. Chapin has been to considerable expense, and as a result his Nevada raised flowers and shrubs form the central feature at the pavilion. The display of house-raised fruit is also better than at any preceding time. We shall speak of the exhibit at length before the fair closes.

Terms for the Military Tournament.

On Friday next the soldiers have their day and the society has offered prizes and set the terms as follows:

\$75 and five targets to the Emmett company, to appear in full uniform, parade on the fair grounds, and contest for their annual premiums, of \$10 to the winning team of 10, to be selected from the Nationals and Sarfield companies, ten shots to the man. \$100 to the winning team of 10, to be chosen from the Washington, Montgomery and Carson Guards—\$60 to the first, \$40 to the second; ten shots to the man.

It is stated that the Public Administrator has traced between \$30,000 and \$35,000 to Miss Wilton. The Finance Committee of the board of Supervisors succeeded in tracing all but about \$60,000 of the money, and it seems probable that daylight will be let in upon the whereabouts of the remainder. Miss Wilton has one thousand shares of bonanza stock, which she drew the dividends on. The stock is either at the Nevada Bank or at Walker & Co.'s, and will probably be levied on as part of the Austin estate. It is said that Miss Wilton expected to be married to Mr. Austin on her return from Europe.

AUSTIN-WILTON SENSATION.

Ellie's Letter in the Hands of the Sheriff—She is Declined to be Engaged to the ex-Tax Collector.

SAN FRANCISCO, Oct. 8.—Jennings S. Cox, the former business partner of the late Alex. Austin, was cited to appear before the Probate Court this morning and answer regarding the property of the late Austin supposed to be in his possession, and show why he should not surrender the same to the Public Administrator.

Some of the missing funds due the city from the late Alex. Austin have been traced to the possession of Ellie Wilton, the actress, now in England. Since Austin's death letters have been received here from her, which will throw light on the question of what became of a great portion of the estate yet unaccounted for. Miss Wilton has telegraphed to have the letters destroyed. Jennings S. Cox, partner of Austin in the brokerage business, has been cited to appear before the Probate Court to-day to divulge the contents of the letters, or surrender them to the Public Administrator.

POLITICAL.

REPUBLICAN PLATFORM.
ELECTION, TUESDAY, NOVEMBER 5, 1878.

Resolved, That we re-affirm the principles of and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine: that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State—in every State, South and North, Democrats or Republican, black or white—shall be permitted, undisturbed by force and swayed by fear, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such vote, to any office shall be freely induced into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete protection of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands sorely pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which Presidents Hayes and Vice-President Wheeler held their seats is revolutionary and dangerous in the extreme, and characteristic as it is of the underlying motives of the rebel Democracy call for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, subsidies, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on all railroads within this State.

Resolved, That in their shameless disregard of our avowed principles, the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, That we hail with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestrained coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country.

Resolved, That there should be retrenchment in the public service; that men elected to office should be quizzed by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having due regard to the surplus of funds already in the treasury.

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but honor upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its emblem; demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society.

Resolved, That the general government should immediately take such steps as to absolutely stop the further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations, or the representatives of aggregated wealth or capital; that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of said States; that the principal and practice are fraught with danger to our Republican form of government, and should be frowned upon and resisted by every individual who

POLITICAL.

has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any monies raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That we recognize property as the product of labor applied to forest, field, forge, furnace, mine and manufacture. That the wealth of any State or nation is proportionate to the number of its laborers. That States are more or less prosperous according to the wages which its laborers command, and that labor is the product while capital is only the result of such production. Believing that the policy of capital gives luxury to the few while paid and prosperous labor gives comfort to all. We desire our wish that the interests of labor shall have a governing influence in shaping the affairs of state, thus bringing the greatest good to the greatest number.

Resolved, That the convention refuses to confer any appointing or elective power whatever upon the county central committee which shall be named by this body. We recognize the right of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.

Resolved, That our Senator and Assemblymen are pledged against remission of the penalty of \$125,000 due the State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligations.

REPUBLICAN
COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interest of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Europe, Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of Washoe's Senators and Assemblymen in the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That in our best judgment, the official acts of the Hon. J. P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the fee bill of this State, and such legislation relative to the compensation of public officials as the exigencies of the case requires. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use honorable means to secure legislation in this respect that will equitably regulate and adjust the correlative obligations of the people and public officers concerning public duties and the compensation thereof.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendship or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or to exposing abuses as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by a successful candidate for office are binding
